

We are glad to inform you that we have just published on our web site at this [link](#), the registration procedure for incoming students who wish to come to the University of Sassari for the I semester or for the whole academic year **2014-2015**.

On-line registrations will close on the 20th of July 2014

We will be extremely grateful, if you could pass on these information to your students. You may consult our [website](#), to check for updates and useful information in our incoming section.

Moreover, the University of Sassari offers through it's Linguistic Centre (Centro Linguistico d'Ateneo, CLA), **free** Italian language courses (beginners and intermediate level) to help incoming students with their studies. The starting dates and timetable for the II semester will be published soon on our website. These courses (**90 and 60 hours**) give the students the opportunity to have a certificate and obtain credits if they attend at least 70% of the lessons. Also students have the opportunity if they wish to take the examination **CILS** which is the certification of the Italian language. The CILS certification is an important instrument on which foreign students can count on to verify their Italian knowledge, based on the use of rigorous and innovative theoretical and methodological testing. For further information on the CILS certification please visit the following [link](#)
